

## Christmas Spirit Of Town Council

**WILL ENTERTAIN KIDDIES OF WHOLE DISTRICT ON CHRISTMAS EVE; SANTA CLAUS TO BE "REAL".—VOTERS' LIST FOR 1934 NOW POSTED—TOWN HALL TO AGAIN HAVE CARETAKER.**

This is the official record of the proceedings of the Town Council at its adjourned meeting held on Wednesday last, pursuant to the motion of adjournment of November 21st.

The motion of adjournment of Nov. 21st, 1933 was read and, on motion, was ordered filed.

Replying to communication from the Secretary-Treasurer, the secretary of the Public Utilities Commission replied, fully elucidating the application of his letter of November 17th, 1933, relative to the gas franchise, and, on motion, his reply was ordered filed.

A further communication from the Royal Alexandra hospital, relative to the account of that hospital against Mrs. Elizabeth Bell for hospital treatment, was referred, on motion, to the Town solicitor for advice as to the legality of a claim against the Town of Wainwright.

An offer from Mr. Bruce Nicholls for the purchase of Lots 7 and 8 in Block 27 Plan 6445 V was submitted to Council and, on motion, the offer was refused.

On motion, it was unanimously resolved that the Town of Wainwright reimburse Mrs. B. M. Nordstrom in an amount of \$4.80, relative to the registration charges paid by her on a transfer of Lot 33 in Block 2 Plan 6445 V, title to this lot having been acquired in error by the town in 1921.

On motion, the report was accepted and incorporated in the proceedings of the meeting and the Mayor and Secretary-Treasurer were authorized to issue cheques in payment of all accounts included in the report in a total of \$2,887.62.

The following report was then submitted by the committee on Assessment, Property and By-Laws:

Early in the present year, on motion, submitted for the purpose, Council unanimously resolved to dispense with the services of the caretaker for the fire hall at the end of January last. The Assessment, Property and By-Laws Committee, as then constituted, were evidently influenced by a desire to curtail expenditures in the face of existing conditions. They were evidently of opinion that the work of caring for the fire hall could be performed by the men occupying rooms in the hall thus saving the taxpayers the amount formerly paid for this work.

For ten months, the plan inaugurated under this motion has been given a trial with very unsatisfactory results. Frequent complaints have been submitted to this committee on the condition of the inside of this building by those who had occasion to visit the building and had to do with the hall and stairway and occasionally the Council chamber. Our personal observations have established that these complaints were justifiable.

We, therefore, recommend that Council appoint a caretaker, whose duty shall be to superintend and clean the Council chamber and upstairs offices together with the halls and stairway on three days in each week, Tuesday, Thursday and Saturday or on the day previous in any week in which the day named is a public holiday; that Council pay \$10.00 per month for the proper performance of this work and that Mrs. P. M. Christensen be granted the first opportunity of refusing the appointment. Otherwise that the position be advertised and the appointment granted to a deserving taxpayer.

## HOCKEY SEASON GETS UNDER WAY

**IRMA WINS FROM WAINWRIGHT**

The lid was lifted off the Wainwright hockey season last Wednesday evening when the local boys motored over to Irma for a game of hockey. When the final bell was rung the score stood 2-0 with Wainwright on the short end of the score.

The playing conditions were far from being ideal. The ice being a little rough and a light fall of snow on it made the handling and carrying of the puck very difficult. It might also be said that the local boys were together for the first time this season, which of course makes a difference.

The game opened up fast and the first period ended with neither team being able to break into the scoring column.

In the second period Fisher scored for Irma. This tended to speed up the game, but that was all the scoring in the second frame.

In the third and final period Wainwright tried hard to tie the score, but the Irma goalie, who was playing for a good game, had the bars down and then slipped another one across the line to cinch the game by the score of 2-0.

The rink here is now flooded and the boys will be working out regularly from now on getting the kinks ironed out. The team shapes up as being able to "dish up" some good hockey this winter so when you hear of the first game being played here, come out and give the team your support.

## LAW SUSPENDED TO ALLOW CHRISTMAS DANCES

**Can Dance After Midnight On Xmas Although It Falls On Sunday**

Information has been issued from Edmonton that the provincial government has decided to suspend one of its regulations covering the operation of places where dancing is licensed to permit of dancing during the Christmas and New Year holidays.

According to Mr. Trowbridge, deputy provincial secretary, it has been decided in view of the fact that Christmas Eve and New Year's Eve both fall on Saturday, to suspend that part of the regulation as applying from midnight Sunday on these two occasions and eight a.m. on the Monday following, and this will therefore allow dance halls and such places of amusement to open up for entertainment at midnight Sunday and continue at will on the two dates mentioned.

Mrs. Wallace Wheaton is away to Edmonton to receive specialist medical attention.

## Ladies' Curling Club Is Now Organized

**MEETING IN TOWN HALL ON WEDNESDAY ELECTS OFFICERS FOR COMING YEAR**

A meeting on Wednesday for the purpose of forming a Ladies' Curling Club was opened by Mr. O'Callaghan, secretary of the Wainwright Curling Club, and much enthusiasm was shown by the ladies present.

It was explained by the chairman that the club would grant free use of the curling rocks and arrange for specific times and days for the ladies to practice, and for these privileges the appreciation of those present was expressed.

The ladies then proceeded to elect their officers which business resulted as follows:

President—Mrs. J. Middlemass.  
Vice-Pres.—Mrs. J. Welch.  
Sec.—Mrs. F. Stevens.

The executive committee will be composed of Mrs. Lane, Mrs. C. McKenzie, Miss L. Mabey, Mrs. G. Agnew and Miss E. Love, while Mrs. A. Sawers was appointed convener of the membership committee.

It was decided that the next meeting be held tomorrow (Thursday) at the Town Hall at 4 p.m., when all ladies interested are asked to attend so that arrangements can be made for the formation of rules, practices, etc.

## IS WAINWRIGHT TO HAVE 1934 FAIR?

**QUESTION TO BE DECIDED BY STRAW VOTE OF MEMBERSHIP**

It certainly was a rough and stormy afternoon on Saturday but even that fact did not deter a few of the sturdy directors of the Agricultural Society from attending the meeting called for the purpose of talking over the advisability of continuation of the annual fair. The general membership, however, showed very little sympathy by the non-attendance, and for that reason no definite decision could be arrived at.

The matter was discussed from all angles by the few who were present, but so momentous a question as was on the agenda was hardly such as could be decided without further serious consideration.

It was shown that from many points the fair is a necessary adjunct to the society's life in our district, but that inasmuch as all government grants to agricultural societies had been cut off entirely, the matter of financing a fair was one of no mean dimensions.

Again, attractions which in former times had assisted in putting over the fair were all losing their drawing power, and other means of attracting the crowd for the necessary support were brought up and discussed pro and con.

In the finality it was decided that a questionnaire be sent to the entire membership for each individual's decision as to whether or not the directors should carry on to the end that the 1934 fair be put on along the same lines as the one held last August, and the answer to this will no doubt prove the deciding factor as to the ultimate outcome at a meeting of the directors which is to be held at a later date.

Before the opening of the meeting, Mr. Geo. Clark spoke to those present regarding the pig club movement which was started early this year, and which demanded and deserved the support of all the farmers of the district.

## "The Match King" The Talkie At The Elite For This Week

There is a certain very definite dramatic timeliness behind "The Match King", the talkie at the Elite for this week end. The sudden and terrible collapse of the vast Kreuger match interests throughout the world immediately following the unexpected death of Ivar Kreuger, forms the nucleus about which this narrative has been constructed. Specifically, the film is an adaptation of the novel by Einar Thorvaldson.

The title role is presented by Warren William, the actively dynamic recently risen Warner star. William as the match king, whose dreams were boundless, whose mind was keen, recognized no such thing as retribution or an accounting, and he is given excellent support by Lili Damita, as the foreign actress who completely captivates William; Glenda Farrell, the girl he deserted to get a start; Hardie Albright and numerous dependable players.

With reasonably dramatic effectiveness, the narrative carries William, as Paul Kroll, from a job as porter, back to Sweden to aid with his fictitious American business success. Only Hardie Albright knows the truth of Kroll's position.

From then on—but there, see the picture this week end. It's truly a great show.

The telephone repair men have had a strenuous time since the windstorm, but will finish today in replacing some miles of wire on the 610 poles which recently blew down in the area covered by this exchange.

## CARD OF THANKS

The Wainwright Curling Club desire to express their appreciation of the successful result of the Minstrel Show sponsored by them on December 5th. They wish particularly to thank all of the members of the cast who had to give so much of their time in the preparation of the Show, including Mrs. Mildred Pawling "at the Ivory" and the artists taking part in the Olio. They particularly wish to express their appreciation and thanks to Mr. F. B. Saunders whose untiring efforts and enthusiasm contributed so much to making the show a success. Last but not least to the public who so generously gave their support by their attendance.

## DRILLER SUFFERS ACCIDENT TAKEN TO HOSPITAL

**Dave Credille Hurt at Maple Leaf Well at Fabyan**

Mr. Dave Credille, Wainwright's pioneer oil driller, is in the hospital suffering from an accident which occurred at the Maple Leaf Co.'s well at Fabyan on Friday last.

It appears that Mr. Credille, with Mr. George Gregson and his son, Jack were operating a valve at the new gas well, where a very heavy flow of gas has been secured after some months' work, when a sudden rise in the pressure of the gas caused the heavy valve to swing in a circle which swept the three men from the platform.

The victim was struck in the back and hip, and so badly hurt as to necessitate his removal to the hospital at once. Jack Gregson's hand was caught between the swinging valve and another piece of machinery cutting all the fingers off a glove he was wearing, but luckily not hurting the fingers of the hand. George Gregson although flung from the platform, was uninjured, and was able to get the gas valve again under control.

We learn that Mr. Credille is going along nicely now and will soon be out of hospital.

## Funeral of Mrs. Fred Plust Thursday

**DECEASED LADY WAS PATIENT SUFFERER FOR YEARS FROM CANCER**

The funeral took place on Thursday last at the United church of Mrs. Fred Plust, who passed away as noted last week.

The deceased lady, who was a native of Rosenberg, Germany, came to Canada some 11 years ago, and for three years was a resident with her husband in the Turner Valley country.

Coming to Wainwright in 1925, she has lived here since that time. For the past nearly three years she was a sufferer from the dread disease of cancer.

The funeral service was preached by the pastor, Rev. E. Armstrong both at the church and graveside, the arrangements being carried out by McLeod's parlors.

The pall-bearers were Messrs P. Brassard, O. Croteau, R. Hartling, J. Keene, W. Kinghorn and Dr. Wiley.

Among the many floral tributes of respect were wreaths from "Loving Husband," Mr. and Mrs. F. Seabrook, Mr. and Mrs. Bibby and Family, Union Drilling Co., Hargal Oils Ltd., and sprays from Mr. and Mrs. S. Smith and Bruce, Mr. R. Jacobs and Family, Mr. W. Fox and Family, Mr. and Mrs. L. Gottenmeyer, Mr. and Mrs. Hartling, Mr. and Mrs. O. Croteau, Harold and Sanford Merrick, Mr. and Mrs. P. Brassard, Mr. and G. A. Murray, Mr. and Mrs. G. Gregson and Jack, Mr. and Mrs. Frank Stevens, etc.

Mr. Tom Mason, of Kitscoty, is staying at the vicarage the guest of the Rev. C. N. and Mrs. Bateman.

## Echoes Are Heard Of Famous Powlett Case

**VETERAN'S ANGLE ON JUDGMENT**

A great deal of criticism has been heard since the Powlett-University of Alberta trial, in which the former was granted some \$58,000 damages for alleged mistreatment at initiation ceremonies. A war veteran sees an angle not before brought to light, in an editorial in the Claresholm Local Press:

"Most people feel that the trial revealed disgusting hooliganism, but those who have gone through the university seem to think the court publicly put a gross interpretation upon what actually takes place, or that the court description lends to a mental magnification of the situation. But a returned man put a new angle into the comment. He says that the judgment is a sorry interpretation of human values, comparing the treatment many veterans are receiving from the Pension Board, with the damages allowed the plaintiff. He cannot see why civil life values should be so much higher than those placed upon men, who faced the horrors of war."

The weather over the week end was the coldest yet experienced this winter. On Sunday night the thermometer dropped to nearly twenty-two below for some time.

## Wainwright's Own "Sunshine" Effort

**PACKED THEATRE SUPPORTS TOWN BAND AND WOMEN'S INSTITUTE IN THEIR ENDEAVORS FOR KIDDIES' WELFARE FUND; ALL OUTSTANDING ITEMS ON LENGTHY PROGRAMME**

Both the Town Band boys and the ladies of the local branch of the Women's Institute have full reason to congratulate themselves upon the splendid success attained in their big second annual concert on behalf of the Kiddies' Welfare Fund, which took place on Monday evening before a packed audience in the theatre, and the financial result should go far toward relieving in some measure the distress rampant among the needy of the district which is so well looked after by this noble and hard-working body of women as friends permit.

Little need be said of the first portion of the evening which was comprised of several numbers by the band under the baton of Mr. J. Alderman, sr. Their programme was a pleasantly varied one, and gave opportunity for practically each section of the organization to display its prowess and results from the hard training which they have undergone.

A pleasing opening was the selection of numbers by "Mildred's Melody Makers," who are becoming the most popular dance orchestra of the district, and who after the supper hour played for several hours for the big dance which all enjoyed till the early (7) hours.

For the second half of the proceeding, Dr. H. C. Wallace, made an excellent chairman, and explained the objects of the effort in a very lucid manner, and again at the close returned thanks of both organizations for the support given and also thanked the artists for their endeavors on behalf of so worthy a cause.

The items of the programme for this portion were all of the usual excellence enjoyed by Wainwright audiences from home talent concerts, quite noticeable being the singing of Mrs. F. Sheffield (a new-comer to the concert platform), the well-balanced quartette number, and the "lightning sketch" artist—Mr. C. Horn. Mrs. J. Telford, Mrs. G. Clark and Mrs. M. Pawling each assisted at the piano during the vocal numbers.

The drawings which took place during the proceedings resulted as follows:

**POPULAR COUPLE JOIN IN WEDLOCK**

**HAIRE-FORD**

A very pretty wedding was held in St. Thomas' church on Tuesday last when Helen, second daughter of Mr. and Mrs. J. C. Ford of the Piatxol district was united in marriage to Glen Leonard Haire of Gilt Edge. The bride, prettily attired in white lace and georgette and carrying a bouquet of "mums" and fern, entered the church on the arm of her father and was attended by Miss Jean MacLachlan dressed in blue.

The groom was supported by Mr. C. E. Ford, brother of the bride. Rev. C. N. Bateman was the officiating clergyman. The wedding breakfast was held at the home of the bride's parents north of town.

Guests included Mr. and Mrs. Marvin Piatxol, Mr. Bob Haire, Miss Jean MacLachlan, Mr. Hugh Millar, Miss M. Kelly, Mr. and Mrs. T. Shaw, Mr. and Mrs. G. Batchelor, Mr. and Mrs. J. Holt and Mr. J. Gideon.

In the evening Mr. and Mrs. Ford entertained the Piatxol community in the school house in honor of their daughter. Some ninety guests were present. Music was supplied by the McLellan boys and a jolly time was had by all. A nice lunch was served after which a shower was held and the bride received a goodly number of lovely gifts. Mr. and Mrs. Haire spent a few days in Edmonton and on their return are making their home on the bridegroom's farm at Gilt Edge.

**ANNUAL MEETING ARRANGED ST. THOMAS' W. A.**

A meeting of St. Thomas' W. A. was held at the vicarage on Wednesday last with the second vice-president, Mrs. A. Adams in the chair. A lot of business was discussed, and reports of various committees were rendered. The next meeting will be held at the vicarage the first Wednesday in January. This will be the annual meeting when all reports will be read and officers for 1934 will be elected.

## Successful Evening By Junior W. A.

**ST. THOMAS' YOUNG FOLKS STAGE CONCERT AT MASONIC HALL**

Quite a nice crowd was in attendance on Friday to enjoy the concert which was staged by the members of the Junior W. A. of St. Thomas' (Ang.) church, and a pleasant time was spent.

The chair was taken by the vicar, Rev. C. N. Bateman, who in opening the proceedings congratulated the Junior W. A. for their usefulness to the church and explained that the object of the concert was to raise funds for the taxes on the church property.

All the numbers on a lengthy programme were splendidly rendered and reflected great credit on those responsible for its production and the little sketch as well as the "Nigger" drill (with a large number of black-face participants) were outstanding in their entirety.

The full programme was as follows:

Opening Chorus—The Jun. W. A. Group.

## IS THERE A

SANTA CLAUS?

This oft-asked question which each  
year parents have to answer for in-  
quisitive youngsters can most au-  
rely and truly be replied to in the  
affirmative by every right-thinking  
person, and more particularly at this  
time of the year.

To prove this contention that  
Santa Claus is a state of mind rather  
than an actuality of body, the  
Town Council are most certainly do-  
ing the right thing in again foster-  
ing the Christmas spirit of friend-  
liness to all in their decision to make  
Christmas Eve a day to be remem-  
bered by the school-age (and young-  
er) kiddies of the whole district by  
the distribution of candies, nuts, and  
other childish goodies from the  
hands of a real, live, walking Santa  
Claus on the afternoon of Saturday,  
December 23rd.

So, to all the kiddies of both town  
and countryside, a most hearty in-  
vitation is extended to visit town on  
that date and keep a watchful eye  
open for His Majesty Santa—either  
around the Christmas trees with  
which the streets are to be decorat-  
ed, or under the bright Christmas  
lights, or up and down the sidewalks  
and to get their share of the goodies  
which are being provided for them  
all to celebrate Christmas, 1933, with  
the Council's best wishes.

TO BE OR  
NOT TO BE?

The matter which was put before  
the small meeting representing the  
agricultural society on Saturday last  
is certainly not one to be decided  
lightly or without deep thought!

Shall the society hold a fair day  
in 1934? Can it be made to pay its  
way? Will the members be satis-  
fied with a reduced prize award if  
found necessary to reduce?

Such were the questions which  
were forthcoming, and it required a  
steady mind to conceive answers to  
them which would please all and  
sundry.

Without any doubt there has been  
far too much work put into the  
society's work in this territory by  
almost every farmer and townsman  
to let the whole thing go by the  
board, and yet it is far from a fair  
thing to suppose that the few di-  
rectors can carry the load without the  
full assistance of the membership in  
general; and that assistance must be  
given in both time and moral sup-  
port.

Successful fairs are not things  
which grow naturally, neither are  
they the result of some overnight  
flash-in-the-pan effort. They are the  
consummation of months of study  
and thought as to ways and means.  
They are the happy conclusion to  
years of practice in the raising of  
live stock, grains, etc., to a pitch  
of perfection. They are the ultimate  
goal which is striven for by every  
real member of an agricultural  
society who seeks to raise his status  
as a member of the great brother-  
hood of Canadian farmers seeking  
for higher standards for his produce  
of all kinds.

It would seem that right now is  
the time for all to get behind the  
local society in its endeavors on be-  
half of its membership and make  
their decision that the annual fair  
shall be held as usual and the seem-  
ing handicaps confronting them over-  
come entirely both from a finan-  
cial and every other standpoint.

THE VALUE  
OF WORK

Work is just as essential to health  
as is food. A man can live without  
work while he cannot live without  
food, but living, in the sense of ex-  
isting is far from being a condition  
of health and well-being. If a man  
or woman is to enjoy physical and  
mental health, he or she must have  
the opportunity to work and to gain  
that satisfaction which comes from  
doing the day's work.

The tragedy of unemployment,  
whether it concerns great or small  
numbers, no matter what the cause  
may be, lies in the frustrated desire  
of the vast majority of the unem-  
ployed to work. There is no greater  
punishment for those who are confined  
in penal institutions than to deprive  
them of the opportunity to work. In  
certain hospitals, we speak of oc-  
cupational therapy, which simply  
means that creative work, with the

satisfaction it brings, is recognized  
as a powerful agent for good in the  
treatment of patients.

Physical and mental health are  
closely related. Idleness means loss  
of health; work has much to do with  
our sense of well-being. A man may  
grumble about his hard work and low  
wages, but he is nevertheless en-  
joying life, and part of his enjoy-  
ment is his right to grumble and  
complain.

It is a matter of common observa-  
tion that certain forms of physical  
complaints, particularly those which  
have to do with the digestive system,  
are much more common when times  
are difficult and worries thereby in-  
creased. The reaction of the mind  
on the body and of the body on the  
mind is very definite, although not  
always clear.

These facts should not be forgotten  
when the problems arising out of un-  
employment are considered. Their  
solution has not merely to do with  
economics; the welfare of the nation  
is concerned because of the effects  
of these problems upon the health of  
the people. Unemployment does not  
cause disease, but it does threaten the  
health of the people because it takes  
away from them the opportunity to  
work.

Serious as this is at all ages, it is  
particularly so for the young people  
who are leaving school. If they do  
not become employed, their health

pendent, and to experience the sat-  
isfaction which comes from work.

## A CHAIN OF

SANTA CLAUS

WORK SHOPS

Whether Santa Claus' North Pole  
workshop is after all a myth, as  
some severely practical people sug-  
gest. It is quite demonstrable that  
the large-hearted old gentleman  
with the long whiskers has numerous  
branch workshops in Canada. In fact  
being quite modern, he has a coast-  
to-coast chain of them. They are op-  
erated by those willing helpers the  
Boy Scouts and Girl Guides. By the  
first Saturday of December there were  
over 150 of them between Sydney and  
Victoria. It was announced from  
Dominion Headquarters of the Boy  
Scouts Association, full of hammer-  
ing and banging, glueing and paint-  
ing, stitching and sewing, and the  
chatter and banter of healthy young  
Canadians busy at making others  
happy.

Gifts from last year's chain of toy  
shops went to well over 75,000 chil-  
dren who otherwise would have ex-  
perienced the Christmas morning cal-  
amity of the empty stocking.

Some \$5,000 or more of these little  
little folks were on homesteads and  
scattered over the Prairie Provinces.  
In many such homes the postal par-  
cels came "from nowhere", proving  
the existence of a Santa Claus that  
kiddies had insisted on expecting, in  
spite of all argument, to the contrary  
by needy parents.

For this Christmas a new category  
of settlers being remembered include  
families placed on land during the  
year under the Rural Rehabilitation  
scheme.

## The Road To Better Health

By Dr. William J. Scholtes

### PREVENTING PNEUMONIA

Each year, pneumonia exacts a heavy toll from those who are in the prime of life, at the age when they are the greatest asset to their families and to their country. Any practical measure for overcoming this tremendous annual loss of life, with all such loss implied, is worthy of consideration by the individual citizen and by the community as a whole.

With the coming of colder weather, after the heat of the summer, which is sometimes prolonged into the autumn, we feel more energetic. We put a snap into our work, enjoy brisk walks, and altogether, feel a glow of health. But with the coming of colder weather, too many of us desert the out-of-doors, and shut ourselves into homes and work-places that are overheated, and we live in closer contact with other people most of our working hours.

Pneumonia is caused by germs, and pneumonia belongs to that group of diseases which are known as communicable. By this we mean that the germs which cause the disease are passed, or communicated from one person to another.

There is reason to believe that the general fitness of the body has a definite relation to the occurrence of pneumonia. It appears that fatigue, chilling, worry, lack of rest, dissipation, and all such occurrences, or neglect of the body, resulting in what we might describe as a rundown state, favor the germs of pneumonia and give them a better chance to do their deadly work.

It is important to understand and appreciate the relationship between the common cold and pneumonia. The respiratory tract is continuous from the nose down to the smallest branches of the bronchial tubes in the lungs. A cold is an infection of the upper part of the respiratory tract, and neglect of the common cold is often followed by an infection of the lower part of the respiratory tract, which is pneumonia.

Preventing pneumonia means keeping fit. Dress properly, and enjoy some form of outdoor life the year round. Secure sufficient rest, and fresh air; do not become over-fatigued, and, by dressing according to the temperature and weather, avoid exposure to cold and wet. Use some green vegetables and fresh fruits every day during the winter; your body needs them.

Shun coughers and sneezers. Wash your hands before eating, and keep your hands away from your face. Take care of a cold if you develop one. Keep away from sick people unless you are caring for them, and then take the precautions that are necessary in dealing with a communicable disease.

## BETTY BARCLAY ASSISTS THE COOK

During the chill months of the early winter an entree of beef or veal prepared in a new way will tempt the family and provide variety. The casserole of steak and the minced veal cutlets suggested here are inexpensive and easy to make, and the very fact that they are different will make them successful.

**Casserole of Steak**  
 2 lbs. round steak (1 inch thick) cut in half.  
 1 tablespoon flour.  
 Salt and pepper.  
 1 tablespoon butter.  
 1 cup minced celery.  
 1 cup minced green pepper.  
 2 tablespoons minced onion.  
 1 cup crumbled flake soda crackers.  
 1 cup chopped raw apple.

Dredge one side of steak in flour, season and brown quickly in hot fat. Cut in half and place one piece in a greased casserole with the brown side down. Mix celery, pepper, onion, crumbled crackers and apple. Add melted butter and season to taste. Spread this mixture on steak in casserole. Cover with the other half and bake covered in a moderate oven (375 degrees F.) 40-50 minutes. A small amount of brown stock or water may be used for basting during cooking. Six portions.

**Minced Veal Cutlets**  
 2 lbs. shoulder of veal, boned.  
 1 cup finely crumbled saltine crackers.  
 1 egg.  
 1 small onion, minced and fried.  
 Salt and pepper.  
 Dash of grated nutmeg.

Put meat through grinder, add finely crumbled crackers, fried onion, egg, salt, pepper and nutmeg. Mix thoroughly and shape into small cutlets about one-third inch thick. Fry in a small amount of hot fat browning on each side and then cook slowly for 20 minutes. Serve with buttered carrots. Six portions.

**Shredded Num Num**  
 1 1/2 c. cooked shredded chicken.  
 1 c. cooked shredded ham.  
 1 c. cooked spaghetti.  
 1 small green pepper shredded.  
 1 red pimiento.  
 3 tbsps. butter.  
 2 c. cream.  
 3 egg yolks.  
 1 tsp. salt.  
 1 tsp. paprika.  
 2 mushrooms chopped fine.

Simmer slowly green pepper, mushrooms and butter in a covered dish. Add ham, chicken and paprika, and cook together 2 or 3 minutes. Add spaghetti, pimiento, cream and salt, boiling about 4 minutes. Mix yolks of eggs with 2 tablespoons of cream and stir into the mixture. Take off fire at once.

**Caroline Fritters**  
 To three-fourths cup canned corn, add one-half cup milk, two well-beaten eggs, and one-half tablespoon sugar. Mix thoroughly. Mix one scant cup flour, one tablespoon baking powder and one-half teaspoon salt. Sift and combine with the other mixture. Place buttered muffin

ring in a buttered dripping pan. Drop the combined mixture into the rings, and bake in a moderate oven.

**Eggs Auvergne**  
 Halve six hard-boiled eggs. Remove the yolks, taking care not to break the whites. Powder the yolks with a silver fork. Add one-half teaspoon mustard, one-quarter teaspoon sugar, one tablespoon vinegar, one tablespoon olive oil. Mix until smooth with one tablespoon finely chopped parsley and place in the whites of the eggs. Serve on crisp lettuce leaves.

**Spanish Salad**  
 (Serves Six)  
 2 large tomatoes.  
 2 green peppers.  
 2 oranges.  
 1 tablespoon minced onion.

Cut each tomato into 5 slices. Take seeds from green peppers and cut each one into 3 rings. Peel oranges and cut in small pieces. On each salad plate arrange tomato slices topped with pepper ring. Fill center of ring with orange. Add minced onion to French dressing. Four over salad.

### ANNUAL MEETING HELD ROSE WILLOW W. I.

A very pleasant time was spent at the home of Mrs. Warner on Dec. 7th, the occasion being the annual meeting of the Rose Willow W. I. This organization is finishing up the year's business showed a nice balance in the treasury and the retiring officers were all accorded votes of thanks for their efforts.

In the election for 1934 officers Mrs. W. Chynoweth was made president with Mrs. Bleasdale, vice-president, and Mrs. Avison, secretary-treasurer. During the afternoon the drawing took place for the quilts etc. made by the members, and these were won by: Mrs. Avison, wool comforter, Mrs. Kirkpatrick, the quilt, and Mrs. Jones, crib quilt. The first meeting in the New Year is to be held at the home of Mrs. W. Chynoweth on January 4th, when a cordial invitation is extended to all ladies of the district to attend and join this splendid organization.

### HOW TO AVOID SNOW DRIFTS

Racing to beat the snowfall, two young men of Barrie, Ontario, drove their sedan 3,397 miles from Vancouver to Toronto in 71 hours and 5 minutes actual driving time. They left Vancouver on a Thursday afternoon and arrived in Toronto on the following Tuesday morning, having experienced no mechanical difficulties except one blow-out, and with their purse lightened only to the extent of \$45 for gasoline and oil. They drove day and night, taking turns at the wheel. The two youths, Vernon R. Taylor and Douglas Campbell, posted a letter before they left Vancouver. When they pulled into Toronto, the letter had not arrived. The much-feared snow, a heavy fall of it, arrived next day.

### Reminders of Other Days

(From The Star files)

**TWENTY YEARS AGO**

### QUANTITY OF STORAGE ICE

In reckoning the quantity of ice required to be stored against next year's hot season, a cubic foot of ice weighs 57 1/2 pounds. One ton of solid ice measures approximately 35 cubic feet. A consumption of 2 cubic feet (115 pounds) per day for four months would amount to nearly seven tons. Allowing for waste when such a comparatively small body of ice is stored, a building of 10 feet square and 10 feet high will afford ample space for that quantity of ice, if it is carefully packed. Fifty pounds per day for four months would amount to three tons. Allowing for waste, a solid block of ice 6 feet square and 6 feet high should be sufficient, if properly stored. Small Cold Storages, bulletin 40, Dominion Department of Agriculture.

BORN—To Mr. and Mrs. H. Bradley of Wainwright, on December 11th, a girl.

As a result of the cold spell over the week end, the skating rink was given a try-out by quite a number of the younger folks on Sunday afternoon.

It is pleasing to know that Mr. Arthur Wheaton was feeling well enough on Saturday last to journey to town from the farm despite the severe weather.

A sum of \$11,500 has been distributed from Edmonton this week among some 150 farmer wool growers of Alberta.

As we write a gentle fall of snow is doing its best to make the roads smoother and more pleasant to use.

As warning to all to fully protect themselves while skating it should only be necessary to mention that Miss Sarah Holt, of Fabian is a patient at the hospital this week suffering from badly frozen feet which she received while skating on Sunday.

We are sorry to learn that Mrs. D. Cartier, of Fabian, is still a patient at the hospital in a very low condition.

Suffering from a ruptured appendix Miss Dorothy Seale was rushed to the hospital on Sunday where an operation was at once performed. The patient is now progressing nicely.

Mrs. H. B. Thomas and her son Hugh, have moved to town from Edgerton for the winter.

GOOD-BYE TO THE RIGID FRONT AXLE

A change in designs of the major variety, startling in its application and quite astonishing in its influence on riding qualities, is heralded by General Motors of Canada, Limited. The 1934 Silver Anniversary cars of this company, with their independent front-wheel suspension, will mark the most radical departure from conventional front-end design since the industry's early days. Engineers give their word that the idea is not only revolutionary, but will take a quick hold on the affections of car drivers.

The simplest way to describe the new-style mounting, according to the president of General Motors, Limited, is to say that automobiles have been provided with knees, which will flex as they get over the ground, without transmitting shocks to the body of the chassis. The old type front axle and the stiff front springs are gone. All the car lines of General Motors of Canada, which will feature this innovation in one form or another, will be introduced within the next month or so.

Two more carloads of elk from our National park are to be shipped shortly. These will go to the crown reserves at Burwash, Ontario.

All the ladies interested are asked to remember the meeting of the W. I. to be held at the home of Mrs. L. E. Bean on Thursday afternoon.

An early morning fire on Friday destroyed the whole of the business section of Chancellor, a small village near Hussar, Alta. The fire with a stiff wind blowing destroyed the hotel, poolroom, garage, stores, etc. as well as the laundry in which it started.

The annual dinner of the 49th Battalion (Edmonton Regiment) Association will be held in the MacDonald hotel, Edmonton, on Saturday, January 6th next. Any man who at any time served in the battalion is eligible to attend and is cordially invited to do so.

A small fire in the garage at the home of Engineer Davis on Seventh Avenue west on Saturday afternoon gave the fire ladders a run out in the stormy weather. They arrived there in good time and had the blaze out before much damage was done. It is thought that the fire started from hot ashes.

Mr. Frank Hackett is filling the position of checker of the buffalo meat which is being shipped from the National park.

At the annual meeting of the W. A. of the United Church, held last week at the parlour, election of officers of the association for the coming year resulted as follows: Mrs. Grace Carlyle, pres.; Mrs. W. Knowles, secretary; and Mrs. D. Manners, treasurer.

No person other than a duly appointed inspector shall apply any Government mark to any package containing dressed poultry.—Live Stock Act.

A loyal wife is one who has a mental list of those she intends to snub when Bill gets on his feet again.

Attention of housewives is called to the advertisement of the B. C. laundry, who have undertaken family washing. With this cold weather this should prove advantageous to many.

With the idea of starting a goat ranch on his place, Mr. Grover Lasell has imported three good "nannies" during the past week.

Rev. C. N. Bateman, R. D. was a visitor to Edmonton last week attending a meeting of the rural deans of the Edmonton Diocese.

GRADED CANADIAN EGGS

For contravention of this clause a wholesale merchant in Montreal was fined the other day.
